

# Figures

1.1	'Spatial Turn' over time (Google Books Ngram Viewer, <a href="http://books.google.com/ngrams">http://books.google.com/ngrams</a> )	9
2.1	GPS route tracing around Witham, Essex	31
2.2	Fieldwork scrapbook extract from author participation in OSM mapping party	33
2.3	GPS route tracing author's movement south-easterly while mapping Witham	33
2.4	Author's train journey photograph demonstrating the train operator's use of OSM base maps in passenger navigation screens	34
2.5	Author GPS track	35
2.6	Author GPS track	40
2.7	Author GPS track	44
3.1	Smellmap: Edinburgh	51
3.2	Smellcolour sketch: Brooklyn	56
3.3	Smellmap: Pamplona (still image from movie)	57
3.4	Smellmap Newport, Rhode Island	65
3.5	Smellscaper App Smell Notes interface	68
3.6	Spanish language smell notes prior to classification	73
3.7	Contrasting smellscape of the West End of London, mashup showing emissions, nature, food and animal smells against an OSM backdrop, as recorded in social media	76
4.1	Compilation of stills from the movie <i>Crank</i> (dir. Mark Neveldine and Brian Taylor/Lakeshore Entertainment, Lions Gate Films, RadicalMedia, GreeneStreet Films/USA/2006)	98
4.2	Seasons change by half-turns in Brooklyn, New York. Google Earth images	105
5.1	Wolfgang Weileder, <i>Gulf of Naples s2912</i> , 2009, from the <i>Seascapes</i> series. Lambda Print, 75 x 154cm	116
5.2	Hiroshi Sugimoto, <i>Seascape: North Atlantic Ocean, Cape Breton</i> , 1996	118
5.3	Hiroshi Sugimoto, <i>Henry VIII</i> , 1999, from the <i>Portraits</i> series. Gelatine silver print, 149.2 x 119.4cm	119

5.4	Wolfgang Weileder, <i>Piazza San Pietro, Rome, Slice 1756</i> , 2010, from the <i>Atlas</i> series, 2011–present. Archival inkjet print, 140 x 22cm	120
5.5	Wolfgang Weileder, <i>Atlas</i> , exhibition view, Northern Gallery for Contemporary Art, 2013	121
5.6	Wolfgang Weileder, <i>House-Madrid</i> , 2004. Gelatine silver print, 79 x 100cm	122
5.7	Screen grab from Google Maps, December 2014	126
5.8	Wolfgang Weileder, <i>Place des Vosges, Paris, Slice 2356</i> , 2012, from the <i>Atlas</i> series, 2011–present. Archival inkjet print, 137 x 233cm	127
5.9	Jon Rafman, <i>D52, Blaru, France</i> , 2011 from The Nine Eyes of Google Street View	128
5.10	Wolfgang Weileder, <i>Skydeck</i> , 2009, installation in the Workplace Gallery, Gateshead	130
5.11	Wolfgang Weileder, <i>La Terme, Piazza Oberdan, Milan</i> , 2008	131
5.12	Wolfgang Weileder, <i>Res Publica</i> , 2012, 5x5 Public Art Festival, Washington DC	132
5.13	Wolfgang Weileder, <i>Res Publica</i> , 2012, 5x5 Public Art Festival, Washington DC	133
5.14	Wolfgang Weileder, <i>Camera</i> , 2002	134
5.15	Wolfgang Weileder, <i>Camera</i> , 2002. Fabric, aluminium, optics, 220 x 780 x 420cm	134
6.1	<i>Amsterdam RealTime</i> (2002) Esther Polak, Jeroen Kee and Waag Society. Participatory mapping project and installation; this image depicts a composite of GPS traces produced by participants	140
6.2	Detail from <i>Monochrome Landscapes</i> (2004) Laura Kurgan. Yellow: southern desert, south-eastern Iraq, between Al Busayyah and An Nasiriyah	147
6.3	Coronado Feeders, Dalhart, Texas, from <i>Feedlots</i> (2013) Mishka Henner	147
8.1	Unknown author, <i>Tabula Peutingeriana</i> , c. fourth–fifth centuries	177
8.2	J. C. R. Colomb, map of the British Empire from 1886. Norman B. Leventhal Map Center Collection	178
8.3	Charles Minard, <i>Carte Figurative</i> , 1869	180
8.4	Gerardus Mercator, world map, 1569	187
9.1	Wind map, showing the way winds are flowing around the Earth ( <a href="https://earth.nullschool.net">https://earth.nullschool.net</a> )	199
9.2	Haiyan/Yolanda Swipe Map, enabling comparison of before and after satellite imagery ( <a href="http://www.esri.com/services/disaster-response/hurricanes/typhoon-haiyan-yolanda-swipe-map">www.esri.com/services/disaster-response/hurricanes/typhoon-haiyan-yolanda-swipe-map</a> )	199

---

9.3	Differentiating relations in a network (from J. C. Plantin, 'The Fukushima online issues map: linking practices between spheres of actors', <i>Cartonomics: Space, Web and Society</i> , 2012)	203
9.4	Assemblages – from network to foam. Based on original map by S. Adler, G. Glasze, C. Bittner and C. Turk	205
9.5	The HOT mapping deployment post Typhoon Haiyan/Yolanda: inception and growth	213
9.6	The HOT mapping deployment post Typhoon Haiyan/Yolanda: discussion and disruption	213
9.7	The HOT mapping deployment post Typhoon Haiyan/Yolanda: viewed through other actors	214
9.8	Mapping software collating crowd-sourced reports about storm damage (Volontaires internationaux en soutien aux opérations virtuelles, <a href="https://haiyan.crowdmap.com">https://haiyan.crowdmap.com</a> )	215
9.9	Foam interfaces can be thick with multiple temporalities	216
9.10	Map project histories, with apologies to Hokusai	217
9.11	Crowd-sourced reporting of water heights. Information is current for a limited time. Philippine Flood Map 2013, <a href="https://philfloodmap.crowdmap.com">https://philfloodmap.crowdmap.com</a>	218
